A. No person shall intentionally cause public inconvenience, annoyance, or alarm, or recklessly create a risk thereof, by making unreasonable noise or by causing unreasonable noise to be made.

The notification shall state that any person objecting to the granting of such permit may contact the City Clerk to express his/her opposition to the granting of the permit.

B. A public hearing before the City Council shall be held in connection with the application no less than five days after publication of notice of such hearing.
